

FOR QUALITY TANDEM TRAILERS CALL P & H MANUFACTURING

MODEL 2822T TANDEM TRAILER

P & H is introducing the latest Model 2822T tandem trailer to add to our line of tandem trailers. The 2822 is built with the same durability & toughness that our other trailers are noted for throughout the industry. It comes with heavy duty leaf springs & equalizer arms which distributes the weight equally over the trailer.

The 2822 is shown with a 1235 gallon Norwesco tank, however, it can be modified to accommodate other brand tanks.

OPTIONS:

- Tank
- Tires
- Pump, motor, & hose assembly

STANDARD FEATURES:

- Adjustable hitch
- 2000# tongue jack
- Safety chains
- 15" x 10" wheels
- Heavy duty axles
- Rear step
- Tank bands
